

## 2x2 Narrow Forward Throw Beam Public Area Optics Lens

Model:	ALST50D4LED5050TF-FS
Size:	50x50(mm)
Height:	8.97mm
Beam Angle:	T4-Very Short
Material:	PC
Transmittance:	> 90%
LED Type:	5050LED

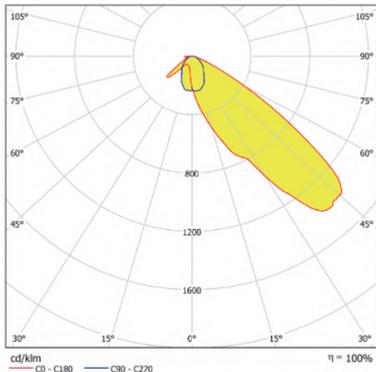

### FEATURES

1. Forward throw beam optimized for European tunnels, resulting in extremely efficient lighting with counter-beam method. Variant made from PC.
2. Variant made from PC, exhibits excellent thermal stability, maintaining optical performance under a wide range of temperatures and environmental conditions.
3. Resistant to UV degradation, ensuring long-term optical clarity and maintaining performance over time.

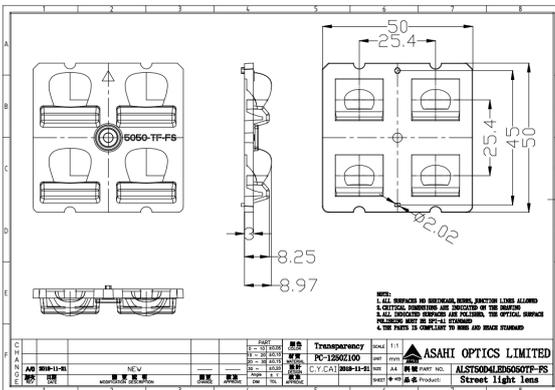

## LENS LIGHT DISTRIBUTION & APPLICATION

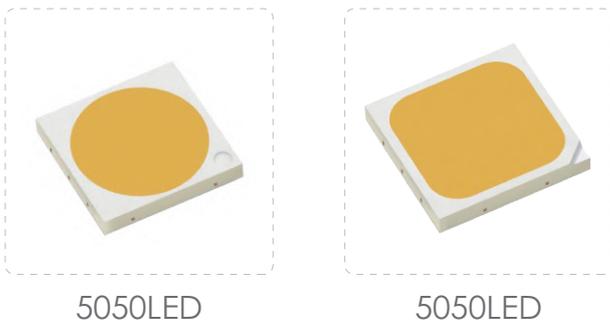

**T4-Very Short**
