

75mm Diameter COB LED Lens Oval Beam 15x45 Degree

Model	AHCOB75D1545G
Size:	Ø75mm
Height:	21mm
Beam Angle:	15x45°
Material:	PMMA
Transmittance:	88%
LED Type:	COB LED

FEATURES

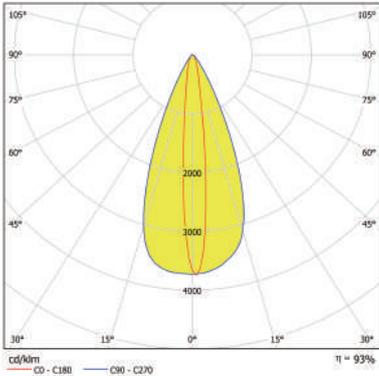

1, 75mm Diameter COB LED Lens Oval Beam 15x45 Degree.

2, COB lenses are employed in outdoor lighting fixtures such as landscape lighting, pathway lighting, and façade lighting. The lenses help control the light distribution and beam angle, ensuring accurate light placement, highlighting outdoor features, and creating desired lighting effects.

3, COB lenses help create a uniform light distribution, minimizing hotspots and ensuring even illumination across the target area. This is particularly important in applications such as retail lighting and displays where consistent and uniform lighting is required to highlight products or create visually appealing environments.
