

37.8mm surgical light lens

Model:	ASH38D24H5D
Size:	Ø37.8x24(mm)
Beam Angle:	5°
Material:	PMMA+PC
Transmittance:	>93%
LED Type:	Nichia NVSW2019FT-V2 LED

FEATURES

Designed by 3535LED to achieve best lighting intensity.

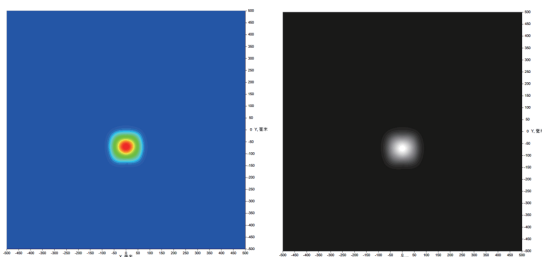

It meets the IEC standard for surgery lighting and provides a high cd/lm value.

- High cd/lm values

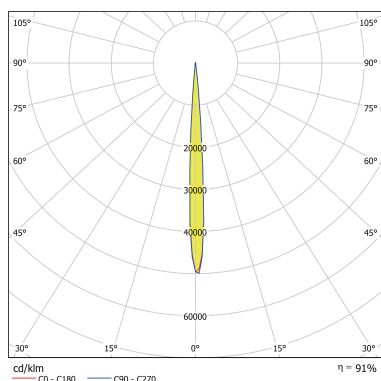

Maximum luminous intensity (total luminous flux: 213 lm): 22849cd/213lm

Central luminous intensity (total luminous flux: 213 lm) : 2637.4cd/213lm

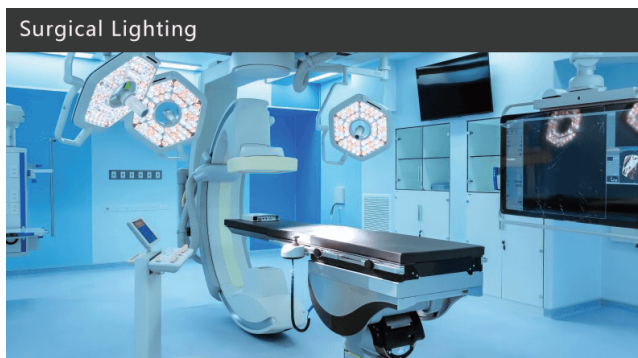

- D50/D10>0.7
- Meets IEC standard IEC 60601-2-41 for surgery lighting
